Exploring the World of Math

Name: _____ Date: _____

Voting Math

1. Using the Borda Count Method. We vote for where we want to go on vacation after graduation. Our choices are London (A), New York (B), Mexico City (C) or Melbourne (D).

1	2	3	4	5	6	7	8	9	10
11	**12**	**13**	**14**	**15**	**16**	**17**	**18**	**19**	**20**
21	**22**	**23**	**24**	**25**	**26**	**27**	**28**	**29**	**30**

2. Organize the different ballots and do a points tally

1st (4)								
2nd (3)								
3rd (2)								
4th (1)								

1st (4)								
2nd (3)								
3rd (2)								
4th (1)								

Elimination Voting Math

3. Vote for the type of health care you want. There is Socialize (S) of government controlled health care, Mixed (M) social and Independent based upon income, Company Paid (CP) health care and Independent (I) based upon contribution.

1	2	3	4	5	6	7	8	9	10
11	**12**	**13**	**14**	**15**	**16**	**17**	**18**	**19**	**20**
21	**22**	**23**	**24**	**25**	**26**	**27**	**28**	**29**	**30**

4. First Tally

Choice	S	M	CP	I
1st Place Votes				

5. Second Tally

Choice	S	M	CP	I
1st Place Votes				

6. Second Tally

Choice	S	M	CP	I
1st Place Votes
